on-point and cost-effective.”*

Partner Ted Banks Discusses General Counsel's Skill Set

On August 4, 2014 Partner [Ted Banks](#) authored the article What Really Should be in General Counsel's Skill Set in Law Technology News, published by American Lawyer Media. The article discusses the technology knowledge that is essential for a general counsel's job for managing legal risks of the enterprise. Among the advice offered is a list of the technology tools and concepts that general counsels should review including technology concepts in substantive law, e-business, compliance and risk.
