

Theodore L. Banks

tbanks@scharfbanks.com

312-662-4897

Ted Banks concentrates his practice on compliance, antitrust, corporate transactions, and business issues, particularly in industries with consumer-facing products. He is a recognized leader in issues related to product distribution, and is the author of numerous publications in the area, including the leading treatise on the subject, *Distribution Law: Antitrust Principles and Practice* (published by Wolters Kluwer). He is a frequent speaker and writer on corporate compliance programs, and is the editor of the *Corporate Legal Compliance Handbook* (published by Wolters Kluwer).

He has successfully managed business and legal challenges over the course of his career, including at Kraft Foods, where he was Chief Counsel - Global Compliance after serving as Associate General Counsel with responsibility for antitrust, general litigation, corporate transactions, sales, legal computer applications and public policy coordination. While at Kraft, Mr. Banks negotiated more than 50 major corporate transactions, including a \$19 billion acquisition and an \$8 billion IPO. He has advised a 5,000 member corporate sales division on pricing, distribution, and marketing issues and has assisted many corporations, large and small, in developing corporate compliance programs, including formulation of risk assessment, policy creation and program development.

Mr. Banks has been appointed as a corporate compliance monitor by the Federal Trade Commission and Competition Bureau of Canada to oversee compliance programs of respondent companies. He has developed records management systems for global organizations, including the design of document management, electronic discovery and legal hold applications.

Mr. Banks has been recognized as an Illinois "Super Lawyer" in the field of corporate governance and compliance, is a "Leading

Practice Areas:

Compliance
Antitrust

Lawyer" in Antitrust and Publicly Held Corporation Law, and is "AV Preeminent" peer review rated by Martindale-Hubbell. Mr. Banks is an adjunct professor of law at Loyola University Law School, teaching corporate compliance. He was recognized by the National Law Journal as a "Compliance Trailblazer and Pioneer," and was awarded the Alumni Masters Award from the University of Denver.

Mr. Banks has been a leader in bar and community organizations. Mr. Banks founded and served as first chair of the North Shore Compliance Officers' Roundtable, and is a member of the steering committee of the Chicago Regional Business Ethics Network. He is pro bono General Counsel of Keep Chicago Beautiful and is on the Board of Directors of the Jewish National Fund-USA. He previously served as a board member of the Jewish Federation of Metropolitan Chicago. Mr. Banks is also an active member of the American Bar Association and the Society of Corporate Compliance & Ethics.

Mr. Banks received a B.A. from Beloit College in 1972. He graduated from the University of Denver Sturm College of Law in 1975, where he was Editor-in-Chief of the Denver Journal of International Law & Policy.

Experience

- Representing major consumer packaged goods companies in more than 50 major acquisitions and divestitures with a combined value in excess of \$15 billion.
- Representing major organic foods distributor before the Federal Trade Commission in connection with sale of the business.
- Representing major Italian industrial company with regard to antitrust aspects of patent licenses.
- Advising chemical company on restrictive distribution agreement based on customer and patent concerns.
- Advising global consulting firm on revisions of compliance policies.
- Assisting major manufacturer of office products in revising

distribution system and promotion program.

- Advising Belgium-based food company on U.S.. distribution of products.
- Advising Italian food company on antitrust aspects of U.S.. marketing and sales program.
- Representing individual whistleblower with regard to False Claims Act.
- Advising on legal risks of pricing and promotion programs.
- Serving as expert witness at trial with regard to the compliance program of a major global manufacturer.
- Assisting in revision of compliance program for major U.S.. manufacturing firm.
- Serving as compliance monitor on behalf of the Federal Trade Commission and the Competition Bureau of Canada.
- Advising companies on legal exposure with regard to social media activities.
- Assisting global hospitality company on revisions to compliance program, including global compliance risk assessment.
- Providing antitrust counseling to association of suppliers to major restaurant chain.
- Assisting investor in food company in recovering investment.
- Providing compliance program to bank to satisfy compliance order.
- Establishing records management program for major insurance company.
- Revising supply contracts for food processing, package manufacturing, automotive parts manufacturing and other industries.
- Providing compliance training to clients on various subjects, including employment, antitrust, social media, pricing,

document retention, and conflicts of interest.

- Assisting start-up companies with initial financing, supply contracts, key employee agreements, distribution agreements, legal compliance
- Assisting individuals with negotiating employment contracts.
- Advising Internet-based start-up on antitrust risks of proposed service.
- Reviewing compliance program adopted by major electronics manufacturer to verify compliance with government orders.
- Advising food company on recovery available after breach of agreement by supplier.
- Assisting packaging manufacturer in drafting contracts with key suppliers.
- Advising health care organization on adopting new compliance program.
- Advising global food company on revisions to compliance program.
- Assisting food companies on compliance with regulations with regard to labeling, ingredients, advertising, processing, and packaging of products.
- Conducting investigations with regard to sexual harassment, fraud, theft, resume fraud, bankruptcy and other financial matters.
- Negotiating agreements with composers and performers.
- Advising U.S.. subsidiaries of global companies on compliance programs.
- Assisting with proper antitrust review of bidding practice of recycling company.
- Counseling major distributor of electronic equipment and computers on relationships with suppliers and customers.

- Developing compliance program for medical device company to comply with FTC agreement.
- Review of pricing and promotional programs under the Robinson-Patman Act.
- Analysis of proposed acquisitions.
- Assisting in responding to grand jury investigations.
- Providing guidance regarding trade association participation.
- Aiding in the development of purchasing consortia.
- Providing guidance regarding licensing of intellectual property.
- Counseling regarding termination of distributors and management of distribution litigation.
- Management of investigations by the Federal Trade Commission.
- Development of business control systems to prevent inadvertent antitrust violations.
- Successful pursuit of price fixers as antitrust plaintiff.
- Advised manufacturer of office equipment regarding patent invalidity basis for antitrust claim.
- Advised consumer products manufacturers and distributor of electronic products regarding extent to which patent licenses provided defense to antitrust claims for restrictive practices.
- Advised leading manufacturer of food products and consumer goods on ability to agree to industry technical standards and role of standards-essential patents.
- Advised household products manufacturer on enforceability of anticompetitive field of use restrictions in patent licenses.
- Advised several food and consumer companies on ability to use price restrictions in patent licenses.
- Preparation of compliance program, including code of conduct,

hotline system, board reporting, and investigation protocol for health services company.

- Review of investigation and reporting procedures for major industrial manufacturer. Creation of improper payments compliance program for diversified global manufacturer.
- Protocols for product recalls, to ensure that if a market withdrawal or recall is necessary, proper notification of customers, consumers and government agencies is accomplished, along with effective product retrieval.
- Determining proper substantiation for advertising or labeling claims, including copy review procedures and scientific protocols to support nutrition claims, such as whether weight loss claims are supported by real world evidence.
- Negotiated manufacturer contracts for a multi-billion dollar food company, which included systems to accommodate changes in pricing, new technological developments, and efficiency opportunities without the need to renegotiate the contract each time circumstances changed. This proactive approach minimized legal expenses and provided a system to enhance the business relationships between the contracting parties.
- Developed a comprehensive records management program for a national insurance company. Combined diverse record systems inherited from multiple acquisitions, developed electronic and print document management tools and employee training programs.
