224-374-9060

Marilyn J. Chimes concentrates her practice on complex litigation and life sciences. Dr. Chimes brings an unusual combination of experiences to the practice of law. A Doctor of Veterinary Medicine, with board certification in laboratory animal medicine, she has used her medical and pharmaceutical company experience in such areas as litigation, risk management and risk counseling, analysis of license and contract agreements, the development of medical, pharmaceutical and biotech products and other health-related engagements.

Dr. Chimes has had hands-on experience in pre-clinical drug safety evaluation, protocol design, report drafting and review, and a range of planning analysis and writing in the area of biomedical research. She is also registered to practice before the United States Patent and Trademark Office and licensed in veterinary medicine and surgery in Illinois, New York and Michigan.

Dr. Chimes has experience in intellectual property law, including infringement and validity opinions, licensing, contracts, litigation, and some patent and trademark prosecution. She has advised clients on the development, protection, marketing and defense of intellectual property. She also has extensive experience in health care law, including negotiation and drafting of corporate documents, agreements, policies and procedures. Her clients have been primarily pharmaceutical, medical device, and health care companies, as well as groups of health care professionals. In addition, Dr. Chimes has represented closely held corporations and high net worth individuals in corporate and commercial matters, estate planning and real estate transactions.

Dr. Chimes received her D.V.M., with honors, from Michigan State University in 1979. She received her J.D., with high honors, from the Chicago-Kent College of Law in 1999 where she was awarded a Certificate in Litigation and Alternative Dispute Resolution, was

Experience

Health

- Advised pharmaceutical, medical device, pharmacy, veterinary, medical association, hospital, and charitable organization clients about a wide variety of issues at the intersection of law and medicine.
- Counseled clients regarding regulations relevant to pharmaceutical compounds, medical devices, pharmacies, nursing facilities, animal shelters, veterinary practice, and personal health information in connection with various types of activities, events, and issues.
- Assisted clients in compliance with FDA regulations and HIPAA regulations.
- Drafted HIPAA policies, procedures, and authorizations, as well as business associate and data use agreements.
- Pharmaceutical and medical litigation, including litigation related to drugs, vaccines, drug-eluting coronary stents, Medicare/Medicaid fraud, advertising, and organ transplants.
- Counseled clients in various situations likely to lead to litigation.

Intellectual Property

Patent Protection, Enforcement and Defense

- Worked on prosecution of patent applications relating to medical reference systems, diabetic health monitoring methods, treatment systems for amblyopia, intraocular lenses, saddle trees, and fuel filters.
- Prepared infringement and validity opinions relating to, among other things, patents for various technologies, including methods of medical treatment and drug delivery, blood glucose monitors, drugs, chemical enantiomers, beverages, and nutritional supplements.

- Counseled clients on patent strategies.

Patent Protection, Enforcement and Defense

- Prepared trademark registrability and infringement opinions.
- Prosecuted applications for trademarks and service marks, including preparation of applications, responding to office actions, and advising clients.
- Worked with foreign associates to prosecute and assign trademarks and patents worldwide.
- Advised certifying organizations on licensing, enforcement, and liability issues with certification marks.

IPR Investigation, Enforcement and Litigation

- Drafted and reviewed agreements relating to intellectual property, including agreements for licenses, nondisclosure of confidential information, services, supplies, distribution, research and development, marketing, joint litigation defense, and settlement of litigation.
- Participated in litigation involving disputes over intellectual property relating to biomarkers, canola oil, plastic packaging, light bulbs, a movie, and more.

Licensing, Distribution and Technology Transfer

- Drafted and reviewed agreements relating to intellectual property, including agreements for licenses, nondisclosure of confidential information, services, supplies, distribution, research and development, and marketing.
- Advised clients on licensing negotiation and litigation strategies.
- Counseled pharmaceutical and medical device company clients on creation and dissolution of joint ventures for product development and marketing.

Acquisitions and Dispositions of IPR and Technology Companies

- Obtained copyright registrations.
- Performed due diligence reviews and advised clients regarding intellectual property rights in connection with financing, acquisition, merger, and restructuring transactions.

IPR-Related Antitrust Advice and Litigation

- Advised clients regarding various legal and business issues relating to patents, trademarks, and copyrights.

Corporate

- Formed, maintained, merged, and dissolved for-profit and not-for-profit corporations and limited liability companies.
- Drafted contracts and service agreements for matters of research and development, employment, real estate purchases and sales, leases, publishing, and credit card payment processing.
- Prepared assignments of shareholder and partnership interests.
- Drafted and advised clients regarding letters to shareholders and donors.
- Counseled corporate and association clients on various matters including healthcare related regulations, exports, officer compensation, product liability, employment, employee benefits, real estate, intellectual property, tax, accumulated earnings, contracts, insurance, security, voting, bylaws, public relations.
